

No.	Name of Parts	No.	Name of Parts
1	Base	87	bearing
2	Rear support frame	88	Elastic retainer for holes
3	Hexagon socket set screw with flat end	89	big gear wheel
4	Plum rubber foot	90	Elastic retaining ring for shaft
5	Hexagon head bolt	91	Needle roller bearing
6	Left active rest	92	Hexagon socket set screw with flat end
7	Butterfly screws	93	Head housing
8	Butterfly screws	94	nut
9	Pan head screw with cross groove	95	Hexagon socket set screw with flat end
10	Hexagon socket cap screw	96	Knurled thin nut
11	Shelf	97	Collision block
12	Right active rest	98	Hexagon socket cap screw
13	Pan head screw with cross groove	99	Lock knob
14	Straight bearing end cover	100	Shaft lock spring
15	Linear bearing	101	Shaft lock plate
16	Angle lock handwheel	102	Wind circle
17	Type 2 non-metallic hexagon lock nut	103	rotor
18	gasket	104	Cross groove pan head self tapping screw
19	connecting base	105	bearing
20	Oblique pointer	106	bearing housing
21	cross recess pan head screw	107	stator
22	Hexagon socket set screw with flat end	108	machine housing
23	hexagon socket cap screws	109	Pan head screw with cross groove
24	disk	110	Brush cover
25	clutch block	111	electric brush
26	disk pointer	112	brush handle
27	Disc locking rod fixing seat	113	machine rear cover
28	cross recess pan head screw	114	Cross groove pan head self tapping screw
29	Plastic retaining rod	115	Cross groove pan head self tapping screw
30	Type 2 non-metallic hexagon lock nut	116	holder
31	Fixed bar spring	117	Cross groove pan head self tapping screw
32	Disc locking lever	119	cable
33	Lock knob	120	cable jacket
34	Switch trigger spring	121	Line pressing board
35	Butterfly screws	123	capacitance
36	Pull rod locks the spring	125	button spring
37	nut	127	Handle plastic cover
38	Hexagon socket cap screw	128	Ejector seat
39	connecting base label	129	Jector
40	Type 2 non-metallic hexagon lock nut	130	Circuit board
41	flat gasket	133	Pan head screw with cross groove
42	incision	134	Spring washers
43	Pan head screw with cross groove	135	Left wing active piece
44	Locking top piece	(57)	Hexagon socket set screw with flat end
45	Side handle support block	136	Left wing flap
46	9086side handle	137	Type 2 non-metallic hexagon lock nut
47	Pan head screw with cross groove	138	extension rod
48	Line buckle	139	Pan head screw with cross groove
49	Hexagon socket cap screw	(35)	Butterfly screws
50	Hexagon socket set screw with flat end	140	Right wing
51	rod rear cover	141	Right wing active piece
52	rod gasket	142	Laser
53	rod	143	Laser bench
54	Large pan head screw with cross groove	144	Pan head screw with cross groove
55	Connecting rod	145	Cross countersunk head tapping screw
56	The connecting shaft cover	146	laser transparent cover
57	Hexagon socket set screw with flat end	151	LED light base
58	support	152	Countersunk head screw with cross recess
59	lock pin	153	Fixed rod cover
60	spring pin	154	Fixed rod

61	1028lock pin spring	155	handwheel
62	Ball nut	156	clamp block
63	Big torsional spring	(8)	Butterfly screw
64	The connecting shaft	157	Embedded iron
65	Clamp wire plug	158	Non-standard screws
66	Transparent hood clamp	159	Bag spring (+ bag)
67	Pan head screw with cross groove	160	Hexagon wrench
68	Large transparent housing spring	161	Carbon brush package
69	Large hood	162	above bubble
71	rivet	163	bottom bubble
72	Transparent cover guard	164	label
73	Transparent cover	165	manual
74	Transparent cover coat	166	manual bag
75	pulley	167	machine bag
76	Cross groove pan head with pad tapping screw	168	color box
77	Saw blade fixing screw	169	dust-off board
78	outer pressing plate	170	Hexagon wrench
79	blade	176	above handle
80	inner pressing plate	177	Wiring row
81	output shaft	178	Left Switch self-locking button
82	Woodruff key	179	bottom handle
83	Skeleton oil seal	180	Switch trigger
84	Countersunk head screw with cross recess	181	Switch trigger spring
85	Cup mat	182	Switch
86	front cover	183	Right Switch self-locking button
